18		Novel Beeswax	moulded or otherwise maximum size 0.5mx0.5m Judged on originality		R50 per entry	

# CLASSES FOR COMMERCIAL BOTTLERS

The honey in these classes need not necessarily be the product of the exhibitors own apiaries.

---

**Class 19** - The Commercial Pack of 24 unlabelled plastic bottles, containing clear honey, from one source. 24 labels for the Bottles to be supplied by the exhibitor in a separate envelope with each entry. Judging criteria as per the national standard for liquid honey.

---

**Class 20** - The Best Presented Honey Pack for liquid, creamed, granulated or chunk honey

(products can be heated or unheated at exhibitor's discretion)

- The exhibit must consist of a display of 24 x 500g containers of any one or combination of shapes. The types of honey may be mixed in the display.
- No frills, paper lace or other decorations are allowed unless they form an integral part of the final product as purchased by the end user.
- Flat cardboard of any plain colour may be used as horizontal dividers to obtain a stable stack of bottles.
- The entry must be an existing product and label, which has been marketed by the Exhibitor prior to the Royal Show.
- The entry will be judged on diversity and overall shelf-appeal, with the emphasis on a visual appraisal of contents for eye appeal and label design. The content of the pre-dominant honey, in each exhibit, will be judged according to the standard marking for that type of honey.

CLASS	CAT.	DESCRIPTION	ENTRY REQUIREMENTS	NO. OF ENTRIES	ENTRY FEE	TOTAL
19		Commercial Pack	See notes above		R50 per entry	
20		Best Presented Honey Pack	See notes above		R50 per entry	

## CLASS 20 – BEST PRESENTED HONEY PACK (GUIDELINES FOR JUDGING)

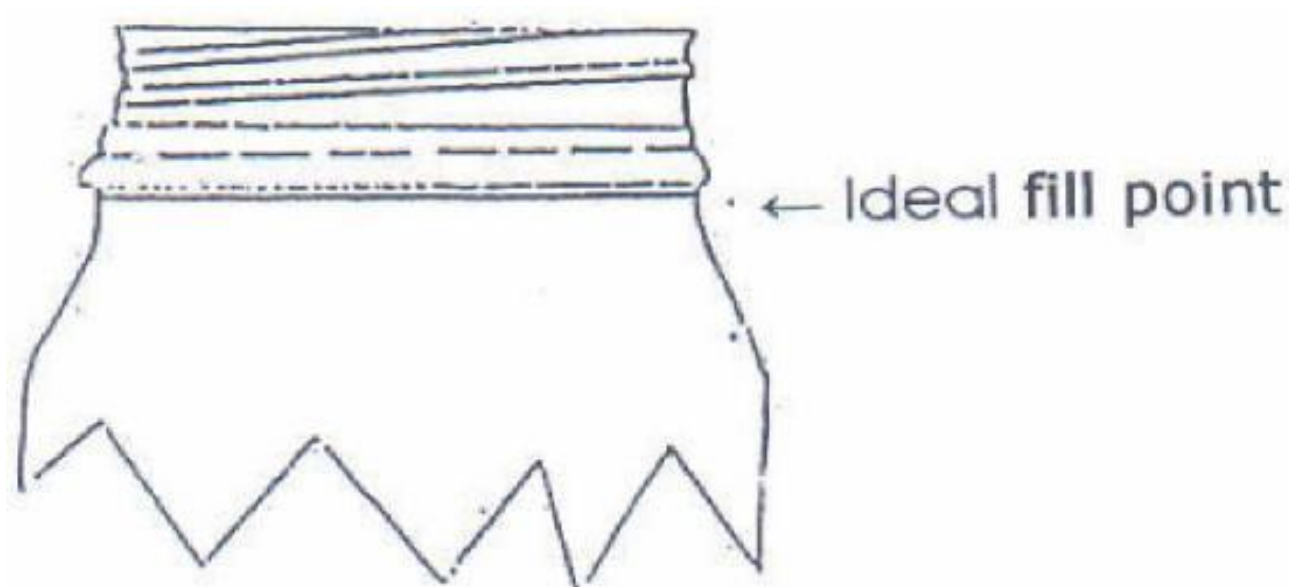

Standard	Guideline	Total points
<b>Predominant honey</b>	Select the most common honey/packaging and judge as per national standard i.e either liquid, granulated or creamed. In the event of an equal number of bottles – select the liquid honey and judge accordingly	<b>100</b>
<b>Diversity</b>	This is judged on the number of different types of honey / packaging on display. 1 type/packaging = 5 basic points. Maximum points could be achieved with the following combination;  Liquid in both bottle & squeeze Creamed, granulated and chunk honey e.g 5 combinations x5 = 25 pts	<b>25</b>
<b>Shelf appeal</b>	This is judged on the layout and stacking of the bottles together with the style and appearance of the labeling. Suggested points allocation could be as follows; Stacking – max 10 points e.g. flat rows on same level 2-5 stacked in many layers and symmetrical layout with shaped cardboard separators 5-10.  Style and appearance of the labels – max 15 points. Viewed from a distance of 2 mtr look for impact, style, use of colour, clarity of lettering, background clutter etc.	<b>25</b>
<b>Label regulatory content</b>		
<b>Producers name</b>	Producers name	<b>5</b>
<b>Product name</b>	The word honey in letters of at least 4mm high	<b>5</b>
<b>Type of honey</b>	Kind of honey (creamed, raw or chunk) and floral source i.e citrus, gum, litchi etc.	<b>5</b>
<b>Grade of honey</b>	Either choice or industrial. Note: from the judging of the predominant honey, if the honey is not considered choice grade then penalise in points (note raw cannot display a grade –5 pts)	<b>10</b>
<b>Mass</b>	The mass in grams must be displayed in a prominent position on the label with distinctive lettering of at least 5mm	<b>10</b>
<b>Name and address</b>	The name and physical address must be displayed prominently.	<b>10</b>
<b>Origin</b>	The country of origin i.e. product of South Africa	<b>5</b>
<b>Illegal words</b>	Act 119 – 9.4 states that apart from the above requirements “no other name, mark, description, advertisement, or claim as to the qualitative properties or otherwise of honey shall appear on the container of honey etc. etc”	<b>Subtract 10 points</b>

## SECTION REGULATIONS

1. All Entry Fees are inclusive of V.A.T.
2. The Apiarian Section exhibits will be staged in the Honey Hall in Block E.
3. All entries must be the bona fide products of exhibitors, the only exception being Classes 19 and 20 (the Commercial Classes).
4. Exhibitors may enter more than one exhibit in each class but may receive one award only in each class.
5. Only standard plain 500g round utility glass honey jars to be used for all exhibits of bottled honey in Classes 1 to 8 and 15 and 16.
6. Only standard metal closures may be used for all exhibits of bottled honey. In regard to colour – only yellow/orange or gilt closures are permitted.
7. All bottles to be filled to the lowest edge of the lowest ring. This applies to all bottles, PVC, PET and glass. **See Diagram below.**
8. Granulation in the liquid honey will not be penalised unless it is visible to the naked eye.
9. All Framed Honey Exhibits must be protected by glass, clingwrap or clear plastic by the exhibitor, but the use of paper lace or other decoration will disqualify. Dirt or propolis on frames will be considered a defect. The Chief Steward has the right to refuse any entry which is not appropriately protected.
10. The Exhibitor's name and address, also the class for which it is intended, must be fixed on the inside of all cases.
11. No labels, showing names or addresses of exhibitors may appear on exhibits until after judging.
12. At their option, exhibitors may provide the Stewards with their commercial gummed labels on the basis of one label per entry, at the time of the delivery of their exhibits. After judging the Stewards will be

responsible for attaching a label to one bottle of each entry that receives a prize.

13. Only Officiating Stewards may be present during the judging.
14. No exhibit may be removed without the signature of the Chief Steward.
